NAZI RAIDERS STRIKE AT LONDON IN WAVES

BULLETINS
London, Oct. 15.—(P)—An English language announcement on the German radio said today that Count Friedrich Werner von der Schulenburg, German ambassador to Russia, returned to Moscow today after spending several weeks in Berlin.

Rome, Oct. 15.—(P)—Well-informed Fascists today described as "false" reports that German troops have been sent to Albania.

London, Oct. 15.—(P)—A far-eastern non-aggression pact between Japan and Soviet Russia may be signed within the next few days, diplomatic sources here reported today.

London, Oct. 15.—(P)—The Admiralty reported tonight that the British cruiser Ajax sank two Italian destroyers and crippled a third in two engagements during a recent extensive sweep of the eastern and central Mediterranean by the British fleet.

Without confirmation elsewhere, Reuters (British News Agency) said in a dispatch from Bucharest that Soviet troops have already advanced into the Danube delta of Rumania.

If true, Russia would appear to be challenging Germany's self-elected guardianship of Rumania.

The reports suggest that Russia is answering the German occupation of Rumania by moves to gain control of the entire Danube delta. Reuters said.

Other unconfirmed reports from Italian-controlled Albania said the arrival of between 20,000 and 30,000 German troops had arrived at Durazzo, Albanian port on the Adriatic sea.

The Soviet government, through its official news agency, disclosed that it had not received what it (Turn to Page Nine)

TOKYO WANTS TO KNOW ABOUT U. S. WARNING

Tokyo, Oct. 15.—(P)—Informed sources reported today that United States Ambassador Joseph G. Clegg had been summoned to the Japanese foreign office and asked for an explanation of Washington's action advising American citizens to leave the Orient.

Authorities declined comment, but it was understood the ambassador had been questioned at length. Passenger agents for shipping lines, meanwhile, reported that reservations on vessels bound for the United States were booked solidly up to the middle of December. They said they were considering placing beds in carrooms and bunks to increase accommodations, if developments warranted.

OCTOBER 16TH ★ REGISTRATION FOR SELECTIVE SERVICE

PLAN NUMEROUS 'VOTE-JUGGLING' INVESTIGATIONS

Washington, Oct. 15.—(P)—The senate campaign expenditures committee today speeded up investigations under way in 9 states—including a checkup of alleged illegal registrations in Philadelphia—in an effort to clear its docket of political complaints before the November election.

Chairman Gillette (D-Iowa) arranged to confer either today or tomorrow with John Carmody, Federal Works Administrator, in connection with a complaint from New York City by the national committee of Democrats for Willkie that a WPA publication, "Millions for defense," was being distributed as part of a speaker's kit issued by the Democratic national committee.

Gillette also dispatched Senators Hill (D-Ale) and Reed (R-Kan) as a subcommittee to Chicago to open an inquiry there Thursday into the charges of the Better Government Association that efforts were being made to intimidate and coerce voters.

Investigators have been urged, Gillette said, to speed up their inquiry into reports of illegal registration. (Turn to Page Nine)

MORE FRIENDLY RELATIONS WITH STALIN SOUGHT

Washington, Oct. 15.—(P)—Definite progress toward more friendly relations between the United States and Soviet Russia, which may play an important role in far-reaching political questions of the future—is being made in almost daily discussions between Constantine Umanansky, the Soviet ambassador, and State Department officials.

Authoritative sources disclosed today that during their conversations, Sumner Welles, undersecretary of state, and Ambassador Umanansky reached agreement on several basic principles involved which have provided a formula for settlement of some of the irritating questions which have created tension between the two nations. Jones Retiring as Turnpike Chairman
Washington, Oct. 15.—(P)—An aide of Walter A. Jones, chairman of the Pennsylvania Turnpike Commission, said today Jones had sent to the commission his resignation as chairman.

Jones will remain as a member of the commission. He had no comment on his resignation, but friends said he felt that now that the commission's big job was done—the completion of the new super-highway from Harrisburg to Pittsburgh—he could retire from the chairmanship.

They explained Jones had been ill recently, but was greatly improved.

CHURCHES FACE MAJOR PROBLEM IN MEMBERSHIP

Omaha, Neb., Oct. 15.—(P)—The United Lutheran Church of America was told today that it faces a major problem in the next decade caused by almost complete stoppage of immigration and a generally declining birthrate in the nation.

The Rev. Edward Traill Horn, III, pastor of the Lutheran University church at Cornell University, and a specialist in church statistics, declared that much of the church's growth in the United States and Canada was due to immigration. (Turn to Page Nine)

STEEL WORKERS FIGHT PICKETS

Duquesne, Oct. 15.—(P)—Workers and CIO dues-collecting pickets clashed early today and last night in intermittent battles at the gates of the Carnegie-Illinois Steel Corporation plant here.

The flareup here followed picketing disorders at the Jones and Laughlin works in Aliquippa, where state motor police were called to keep order.

One plant foreman was beaten as he attempted to drive into the mill and several other men were hurt in brief melees. Pickets twice were called out to threaten the crowds with fire hoses.

The pickets, including some who came from Monongahela valley towns in buses and trucks, took up positions at three gates of the mill shortly before the 11 p. m. (EST) shift was to report.

Fighting broke out when about 200 workers bent on getting to their jobs pushed one of the picket lines dispersing it. At other gates, workers were stopped and required to display their union cards.

Mayor Elmer J. Maloy, himself a leader of the steel workers organizing committee, several times appealed to the pickets to leave.

EMPIRE STATE TOWNS HEARING WILLKIE TODAY

BY THEODORE F. KOOP
Rochester, N. Y., Oct. 15.—(P)—Wendell L. Willkie, criticizing the Roosevelt defense program as "hopelessly inadequate," said today that one example of delay was in building cantonments for the growing army.

For every young man who goes to an election precinct or school house to register, national selective service headquarters predicted today, there will be at least one relative, friend or employer keeping watch after October 16 to see that no other man has evaded registration.

For that reason, officials here do not anticipate numerous attempts to evade registration or many prosecutions for draft-dodging. They expect the mothers and sweethearts of America, if no one else, to maintain a strict neighborhood vigilance. Some late-bearing letters already have come to national headquarters.

Throughout the country, the selective service men are being told to be on hand for the registration. (Turn to Page Nine)

PLAN REMOVAL OF AMERICANS OUT OF ORIENT

Washington, Oct. 15.—(P)—The State Department, already busy with arrangements for removing thousands of American nationals from the Orient, clamped down restrictions today to prevent others from going there.

Nothing but a demonstration of urgent reasons, officials said, hereafter will permit the issuance of a passport to the Far East or any place outside the western hemisphere.

The new restrictions were announced as the midnight deadline for the passport application. (Turn to Page Nine)

NOTED AVIATOR IN BROADCAST

Washington, Oct. 15.—(P)—Charging the responsibility for the country's "leaders," Col. Charles A. Lindbergh declared last night that the people of the United States "have been led to debt and weakness, and now we are being led toward war."

The noted aviator in a broadcast address said he was making a "plea for American independence" because it had never been more in jeopardy.

"The entire future of America and of our system of life hangs on the action we take and the judgment we show," he said. "It does not depend upon the outcome of the war in Europe, but upon men, regardless of their party, who will lead us to strength and peace, rather than to weakness and war."

Lindbergh coupled this with the statement that leaders "must" be selected "whose promises we can trust, who know where they are taking us and who tell us where we are going."

Neither President Roosevelt, Wendell L. Willkie, Republican presidential nominee, nor any other living American was mentioned by name.

The Mutual Broadcasting Company, whose network carried the broadcast, (Turn to Page Nine)

DYKSTRA APPROVED IN SENATE

Appointment of University of Wisconsin President As Director of Selective Service is Given Unanimous Indorsement in Upper House After Which Chief Executive is Notified in Order to Hasten His Induction

HAS POWER TO NAME STAFF OF ASSISTANTS

Washington, Oct. 15.—(P)—The senate today confirmed unanimously the appointment of Dr. Clarence A. Dykstra as director of selective service.

The chamber immediately notified President Roosevelt of its action in order to hasten the time when the president of the University of Wisconsin may become active head of the draft organization.

Unanimous approval was required because less than a quorum of the senate was present at a session called only for the purpose of acting on the appointment.

Under the conscription act, Dr. Dykstra will receive \$10,000 a year and may appoint a staff of assistants needed to carry on the big preparedness job.

Majority Leader Barkley (D-Ky), revealing that Dr. Dykstra left a \$25,000 a year job as a city manager to become a university president at a lower salary, told the senate that the educator made a similar personal financial sacrifice to take the key conscription post.

Prior to serving as president of Wisconsin University, the 57-year-old Dr. Dykstra had been (Turn to Page Nine)

NO TIME FOR WAR AIM STATEMENT CHURCHILL SAYS

London, Oct. 15.—(P)—Prime Minister Winston Churchill told Commons today the time has not yet come when an official declaration can be made on war aims beyond very careful general statements.

"We are not fighting the war merely to maintain the status quo," he said, "but, among other things, in order to survive."

"When our capacity to do that is more generally recognized throughout the world we shall be in a position to take further view of what we shall do when victory has been won."

The prime minister said there was "great danger" in making statements not of a very general character, but that world opinion "so far as it was free is thoroughly behind us."

The statement was made in answer to Laborite queries.

The House of Lords debated whether damage from bomb attacks on agricultural land should be covered by insurance and then went into executive session.

Asked if the government would lend China funds, Sir Kingsley replied that no fresh loan to China was under consideration.

Sir Edward Grigg, undersecretary for war, said that United States authorities have been asked to verify reports from Italy of a German air attack.

TO EXTEND AIRMAIL PICKUP NOVEMBER 12

Wilmington, Del., Oct. 15.—(P)—Non-stop airmail pickup mail service between Pittsburgh and Huntington, W. Va., for 22 intermediate points in the Ohio valley will start Nov. 12, Richard O. Du Pont, president of All American Aviation, Inc., announced today.

Service will be provided on two schedules daily except Sunday.

The line will be the fourth placed in operation by All-American under a certificate issued by the Civil Aeronautics Commission. A fifth will be started about Dec. 1 between Pittsburgh and Williamsport, Pa.

15 Representatives In Conscript Class

Washington, Oct. 15.—(P)—At least 15 representatives, including Robert J. Cobble of Pittsburgh, and two senators must register for selective service Wednesday, unless some of them happen to be national guardsmen or reservists.

All members of congress and of the state legislatures will be deferred from service automatically, however, as long as they hold office. They were exempted by law.

Until J. H. Hall, 74, was appointed senator from Minnesota yesterday Senator Hall (D-WVA), whose term is expiring, was the only man of draft age in the senate. Hall fought the conscription program when it was before the senate.

1,500,000 MEN IN THIS STATE WILL REGISTER

Penn'a Officials Manning Selective Service Machinery Have Only Handful Of Last-Minute Gaps To Be in Readiness for Enormous Task

BUT FEW VACANCIES

Harrisburg, Oct. 15.—(P)—Governor James called today for a "dignified" registration tomorrow of 1,500,000 Pennsylvanians eligible for conscription military service and then took over the task of personally signing certificates to each member of the 422 three-man draft boards and their legal and medical aides.

Harrisburg, Oct. 15.—(P)—Officials manning Pennsylvania's selective service machinery had to close only a handful of last-minute gaps today to be in complete readiness for the enormous task of setting the nation's first peacetime draft in operation.

With registration of 1,500,000 men only a day away, Governor James released the names of the 422 local three-man draft boards and their legal and medical aides, and announced officials of all 67 counties were ready for enrollment of men between the ages of 21 and 35.

The draft board lists showed only a dozen vacancies, most of them among the government appeal agents and physical examiners representing persons who declined to serve for ill health or other reasons since they first were recommended for appointment to the unpaid offices.

They would be replaced immediately, said Lieut. LeRoy V. Greene, the governor's "contact man" with the selective service organization. He noted there were "hundreds" of others from whom to choose. (Turn to Page Nine)

HITLER AT FUNERAL OF ADMIRAL TROTHA

Berlin, Oct. 15.—(P)—Adolf Hitler attended the state funeral of Admiral Adolf von Trotha today.

Germans cited this as an indication that Berlin is comparatively safe from British air attacks.

Admiral Trotha, 72, died October 11.

Grand Admiral Erich Raeder, commander in chief of the German navy, delivered the eulogy.

Hitler deposited a wreath as a 19-gun salute was fired. Later the funeral cortege proceeded to the cemetery.

Members of two draft boards which will act in Warren county under the selective service act, for which men from 21 to 35 years, inclusive will register tomorrow, were announced today by Governor Arthur H. James. Names of members of 422 boards throughout the state were released by the governor.

Each of the boards includes three members, as well as an attorney who will act as government appeal agent and a physician.

Members of the local boards are: Board No. 1, serving Warren borough, Clarendon borough and the townships of Corydon, Elk, Glade, Kinzua, Mead and Pine Grove. R. C. Thompson and Maurice R. Roosevelt to Deliver Two Political Talks

Washington, Oct. 15.—(P)—The White House announced today that President Roosevelt would make two "outright political" speeches of a half-hour each on October 25 and October 30.

Stephen T. Early, press secretary, said the Democratic national committee had arranged for both addresses and that they probably would be made from the White House.

The first, on October 25, will be from 9:20 to 10 p. m. (EST) on the occasion of observance of National Youth Day.

The second will be from 10:30 to 11 p. m. (EST) on October 30. Early said the subject of this address had not been selected. Both speeches will be broadcast nationally.

Tomorrow morning at 8 o'clock (EST) the chief executive will make a seven-minute speech in connection with registration under the conscription act.

Lancaster, Oct. 15.—(P)—"A record-breaking vote" in the presidential election was viewed today by Mrs. Henry M. Robert, Jr., president general of the Daughters of the American Revolution, as "the best indication that democracy can succeed" in the United States.

Mrs. Robert asserted in an address prepared for the state convention of the organization that as many as 30,000,000 voters fall into the category of "spatially and intellectually apathetic" and indifference that

WILLKIE

Wendell Willkie's father was born in Germany. Willkie's grandfather was born in Germany. Willkie's mother's parents were born in Germany. Willkie's wife was born in Kentucky of German parentage. His whole background is German.

Hitler in his book "Mein Kampf" states that "NEGROES ARE LOWER THAN APES". HE SAYS THAT FRANCE MUST BE DESTROYED BECAUSE IT IS POLLUTED WITH NEGRO BLOOD. No Negroes are allowed now to entertain in that part of France occupied by Germany.

This is a reproduction of the opening paragraphs of a four-page campaign pamphlet which Willkie supporters charge the Colored Division of the Democratic National Committee in New York recently circulated to influence Negro votes against the G. O. P. Presidential nominee. Willkie denounced it as "scurrilous." Julian D. Rainey, chairman of the Colored Division of the Democratic National Committee, repudiated the statement, which, reviewing the German ancestry of Willkie and his wife, linked it to an anti-Negro quotation from Adolf Hitler's "Mein Kampf."

OUTSTANDING DOUBLE FEATURE BILL AT COLUMBIA THEATRE WED., THURS., FRI.

"Maryland"

Spectacular, colorful and thrilling, the fine tradition of a proud state in all its glory has been captured for the screen in "Maryland." Daryl F. Zanuck's Technicolor production for 20th Century-Fox, which is at the Columbia Theatre Wed., Thurs., Fri.

With Walter Brennan, that fire-eating, horse-lovin' old colider of "Kentucky" in the leading role, "Maryland" also features such favorites as Fay Bainter, Brenda Joyce, John Payne, Charlie Ruggles, Hattie McDaniel and Marjorie Weaver.

The romance, sweeping beauty and traditions of the proud South, together with the stirring heart-story of two spirited young people in love, are climaxed by the most spectacular Steeplechase in America, the Maryland Hunt Cup Race, "Girl From Avenue A."

"Girl From Avenue A." Jane Withers' new picture which opens Wednesday, Thursday and Friday at the Columbia Theatre, is her best picture to date.

Human and appealing, the film shows Jane as a boy's spitfire on her own in itty bitty Pat Avenue. She has plenty of opportunities to display her malleable charm, and she scores handsomely in her grand role.

The strong supporting cast was well chosen by Executive Producer Sol M. Wurtzel. Otto Brower, ably directed the picture from a superb screen play by Frances Hyland.

"KNUTE ROCKNE—ALL AMERICAN" STARRING PAT O'BRIEN AT LIBRARY TODAY

One of the most unusual screen stories in recent times will make its local debut at the Library Theatre today when Warner Bros.' new film, "Knute Rockne—All American," opens.

It is a film life story of one of America's greatest and wisest heroes — Knute Rockne. The picture traces Rockne's life from his early childhood in Norway to his tragic death in 1931. His life was full of excitement, despair, love and triumph. The film, with Pat O'Brien cast as the Notre Dame football wizard, faithfully portrays those elements and keeps alive the true spirit of Rockne.

The brilliant supporting cast consists of Gale Page as Bonnie, Knute's wife; Donald Crisp as Father Callahan, President of Notre Dame; and Ronald Reagan in the greatest role of his career, that of the renowned George Gipp. The players that portray the roles of the "Four Horsemen" have all seen action on the gridiron. They are Kane Richmond, as Elmer Crowley; Nick Lukats as Harry Stuhldreher and William Marshall as Don Miller.

REGISTRATION DAY FACTS

Tomorrow is Selective Service Registration Day! All men between the ages of 21 and 36 must register. Penalty for failing to register without a valid excuse is five years imprisonment and \$10,000 fine.

Registration places will be open from seven a. m. to nine p. m. Men waiting to register at nine p. m. must be accepted for registration.

Men in the 21-36 age group may register wherever they happen to be—it is not necessary to register in their home district—but they must register some place.

Registration of each man will require approximately twenty minutes.

Public schools of Warren borough will convene for thirty minutes at the regular time in the morning.

By proclamation issued by Governor James, the sale of intoxicants by state liquor stores, licensed retail establishments and clubs, on October 16 is suspended.

Estimated number in Warren county to register, 6,000.

Registration will take place at the regular polling places in the county unless otherwise designated.

After registration is completed, the cards of all the registrants will be turned over to local boards. Then the cards will be shuffled so they are not in alphabetical or any other established order. Next, each card will be given a serial number.

On a day or days to be set by the president, a lottery will be held in Washington and the serial numbers will be reported to each local board in the order in which it is drawn. Men whose cards bear numbers corresponding to numbers drawn in Washington will be called for training service in the order in which their numbers are drawn.

Local boards will consider the case of each man drawn.

In a spirit of patriotic gesture, the national colors should be generously displayed, to serve as an outward symbol that, in a world of unrest and disorder, Warren, along with the rest of the United States, is ready to do its share toward adequate defense.

CONGRESSMEN A. W. O. L.

Some congressmen have found a way of beating the general sentiment against a vacation in a time of crisis. It is not a good way.

It's simple enough. All a representative or senator does is grab a train and get out of town. The habit has become so prevalent that congress is having a difficult time rounding up a quorum to conduct its vital business.

Some of the congressmen are anxious to get home because of the coming elections. It seems a pretty left-handed way of campaigning—deserting a job so they can urge constituents to return them to that job. Most voters will not appreciate the reasons for their representatives' return.

There is a rule which makes it possible for straying solons to be brought back to duty by force. Few people will object if this rule is imposed on the deserters.

Announcement of the resignation of Mrs. Francis W. Toyer, associated with the Warren library for more than forty years and for over nine years head librarian, is learned with regret by a host of friends and patrons, who join in wishing her happiness and health in her well-earned retirement.

A bit of advice that might save time for those compelled to register tomorrow: Don't wait until the last minute and then complain because you have to wait.

Looks like the country will have two Thanksgivings this year—that'll help to make up for the ones Europe won't have.

A lot of leaves are piled along curbs in the borough, while the street department continues to gather them up as rapidly as possible.

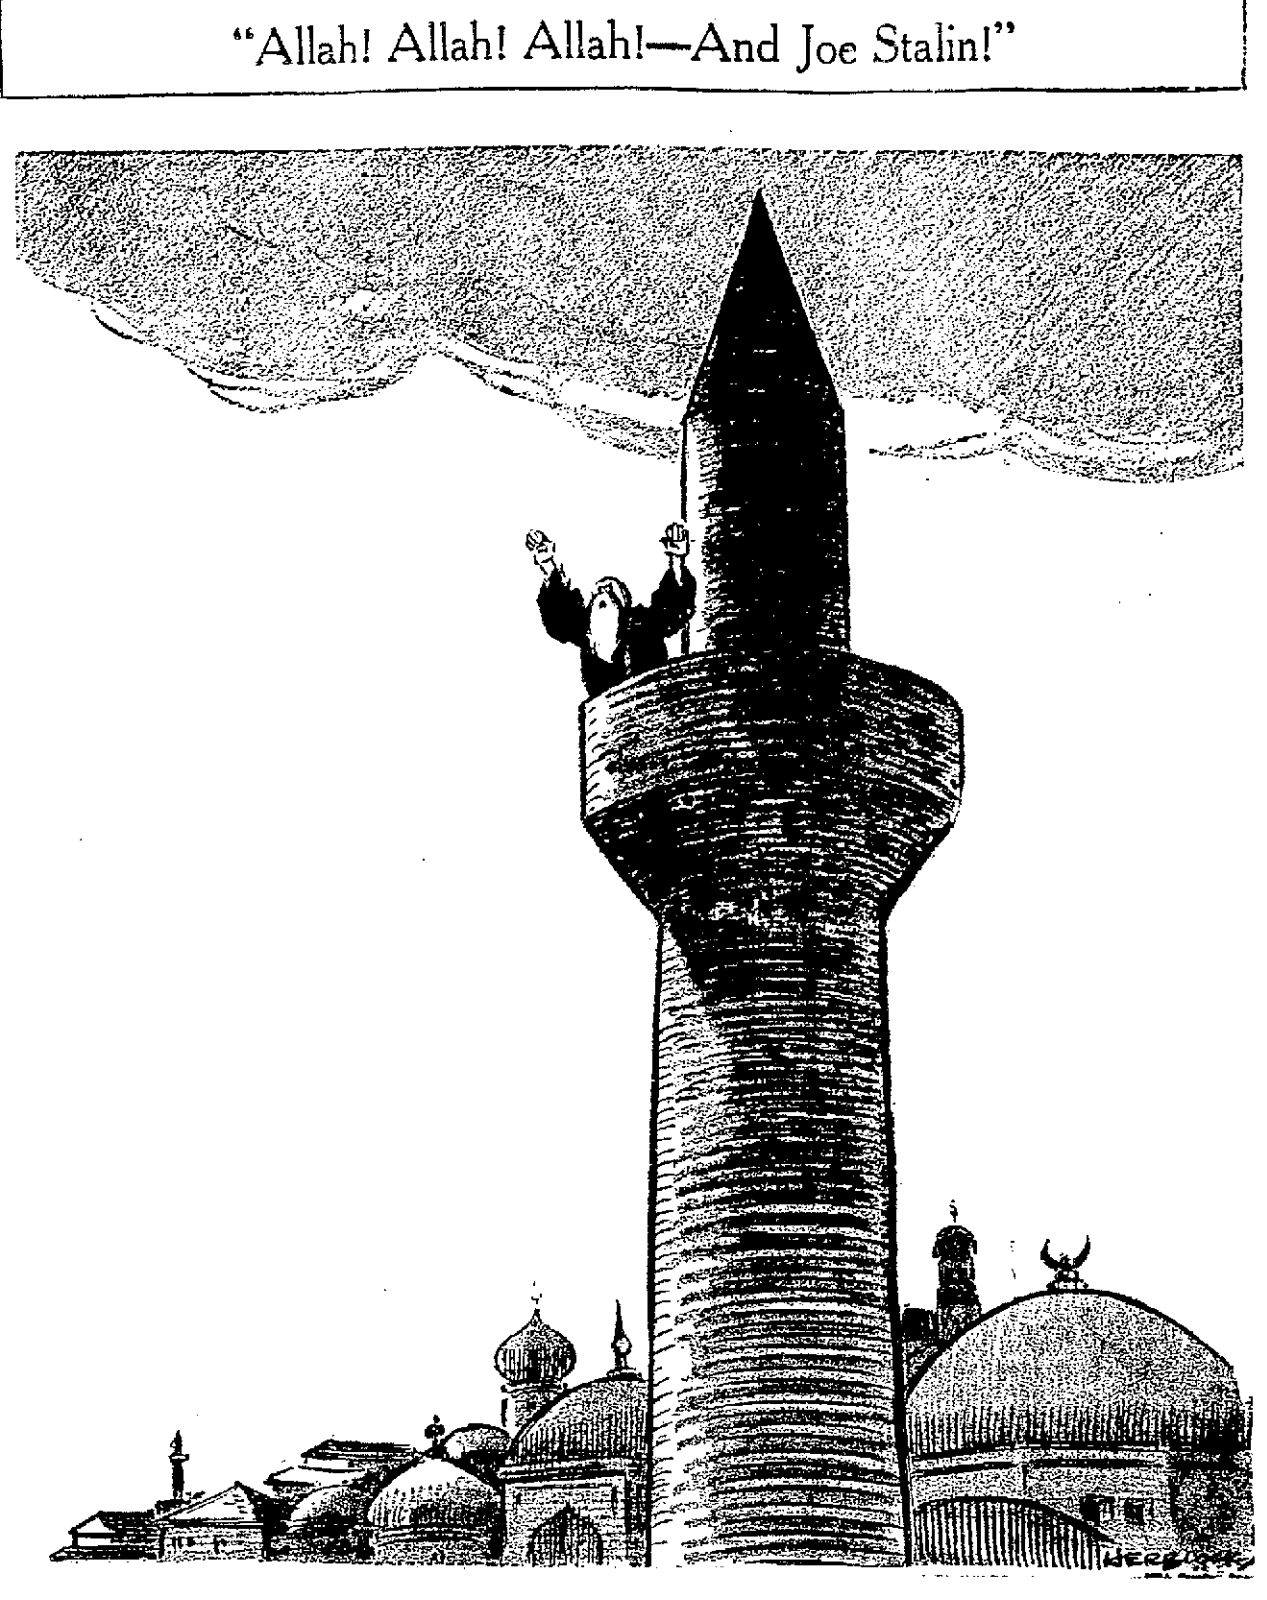

Don't forget to send the kiddies to school for the half-hour session tomorrow morning.

The rain came along just in time to relieve a serious forest fire situation.

T.H.O.-U.G.H.T-S

Man About Manhattan

By GEORGE TUCKER

NEW YORK—The happiest event of an entertainment nature that has happened in New York in many a day was the return of two little Mexican girls from their wanderings in South America. Their names are Joyita and Maravilla.

About two years ago they were introduced one night on the floor of our favorite New York restaurant, El Chico, and the effect on the audience was electric. Everybody sat stock still and stared. The reason for this wasn't hard to ascertain. First, they were sisters and they were pretty as pictures. Second, they revealed a superb sense of comedy. Third, they sang Mexican songs in a manner so provocative that at the end, instead of applauding, everybody cheered.

I suppose you would call it personality. You can find prettier girls, if you look for them; and perhaps truer voices, if you listen closely. But there is an undefinable gaiety and effervescence to these kids that is rare and delightful.

THEN they went away. Months later I received a page from a Spanish newspaper. Their faces were like flowers in a stubble of print. It developed that in Rio, in Buenos Aires, and in fact everywhere, the same clamor rewarded them. I often asked Benito Colorado why he didn't bring them back. Happily, he has.

They tell me, though, that hurrying after them is one Senor Mattos, a coffee king, who wants to marry Maravilla, the taller of the two. They tell me he piloted his plane to Mexico City and then, in the old courtly manner of the Dons, begged permission of Maravilla's mother to sue for her hand. Presumably this permission was granted. The Senor, at any rate, is expected hourly.

A recent visit of little Betty Brewer, the 13-year-old film actress, who obtained her first glimpse of a stardom from the windows of a straitlender.

Betty is another of those improbable children who, somehow, just "grewed." She isn't very large her age, and by Hollywood standards she isn't beautiful. But personality—here is a quality that surrounds her in chunks. You positively don't believe it until you see her. The newspaper boys promptly adopted her, and so did the cast of "Louisiana Purchase," which was "my very first Broadway show and it was wonderful and I have autographed pictures by Victor Moore—oh he's wonderful—and Miss Zorina and Mr. Gaxton and almost everybody."

Betty is being groomed as a dramatic juvenile. She arrived in town with a political button larger than a saucer pinned to her chest, a fact that probably worried Paramount officials a little, although they didn't say so. In any case she refused flatly to take it off, exclaiming, "I'm not for any party—I'm for AMERICA."

In case you're trying to place this amusing youngster, she's the kid who appeared opposite Fred MacMurray in "Rangers of Fortune." She has quite a story to tell. It has one of those Cinderella angles to it. Her father only a little while ago was on relief. Nobody had ever heard of the Brewers. Then, like that, the movies got her.

A still all a sort of wonderful dream. Those things no longer happen in fiction, because they're out of date, but every once in a while they do in real life.

Philatelic Zoo Makes Unique Collection

SPECIALIZED collections add interest to philately. Young collectors will find a "stamp zoo" one of the best of this field. Sources are plentiful. British colonials offer some 70-odd animal stamps.

The proboscis monkey, pictured above, is from North Borneo's 1939 set of 15 values, which included buffalo and orang-utang. This British protectorate's stamps have pictured Malay stag, crocodile, sun bear, elephant, rhinoceros, wild ox, tapir, among others for the zoo.

The elephant family of the 1939 French Cameroons is one of philately's most artistic stamps. Liberia has been generous with animal issues.

South American nations also are using animals for stamp designs. Bolivia introduced the chinchilla, jaguar and llama in a 1939 set. Argentina has sheep, Paraguay a lion, and Uruguay has cattle on stamps.

United States pictured a buffalo on the trans-Mississippi Exposition issue of 1898 and on the postage set of 1923, and deer on the Michigan centenary issue of 1925.

A Washington Daybook

By JACK STINNETT

WASHINGTON—(This is another in a series of columns in which an effort is made to answer some of the many questions arising from the selective service bill.)

Q. My husband does not support me. Can I get him drafted?

A. No one can get anyone drafted, but if you think your husband misrepresented his dependences to the draft board, you may go to them and explain the situation. The board probably will make a thorough investigation and if they find that you are telling the truth, your husband undoubtedly will be reclassified on the basis of the board's findings. This also applies in reverse. That is, if any wife, parents or other dependents have reason to believe that the selectee misrepresented his responsibilities in order to dodge them, they may appear before the board, explain the true situation and be certain that the board will make its classification on conditions as they really exist.

Q. I am a farmer. My parents are not wholly dependent on me, but they would be handicapped greatly if I had to take a year out. Will I be placed on the deferred list?

A. This is a matter which will be weighed and ruled on by your local board. As a farmer, or for that matter a worker in any other field, even one more closely connected with defense, you are not exempt. The question in your case would be one of degree and that is a matter for your local board to decide. If you or your parents feel that you have been dealt with unfairly, you have the right of appeal to your appeal board and even beyond that.

Q. If I am taking part-time college courses will I be exempted until after the close of the 1940-41 school year?

A. Only if you are working toward a degree in a college or university accredited to give those courses toward an arts and science degree. Here again is a matter which must be placed before your local board and it will rest with it as to whether you are sincerely working toward a degree or merely taking part-time courses to evade your responsibilities under the selective service act. It is almost impossible to explain how great is the responsibility of a registrant to his local board and the responsibility of a local board toward a registrant. There are thousands of problems, with thousands of shadings which the board must decide, but if a selectee feels that he has been unjustly treated, he always has the right of appeal and that appeal eventually will reach the President of the United States, if a man cares to carry it that far.

I was married only a few weeks ago. My wife does not work. We have no other means of support than what I bring in. Will I be exempted?

A. The selective service officials have ruled that you will NOT be exempt, per se, under those circumstances. But here again is a matter for the local board to decide. If you have evidence that your marriage was an affair planned before the selective service bill was passed, it would be a good idea to present this evidence to the board (announcements of engagements would be one method of proving plans before the bill was passed). Otherwise state your situation as honestly as you can and if you feel the board rules unfairly, appeal your case.

Q. I have served three years in the regular Army. Am I exempt from service?

A. In peacetime, yes. But you must register. Don't make the mistake of thinking that exemption, under any circumstances other than age or those few classifications set forth under the bill, nullifies your responsibility to register. If in doubt, register.

Josephine M. Barone Becomes the Bride Of Samuel A. Fenice

At 9:30 o'clock Saturday morning in St. Joseph's church, Miss Josephine Mary Barone, daughter of Mrs. Jennie Barone, 1123 Fourth avenue, became the bride of Samuel A. Fenice, son of Mrs. Antoinette Fenice, 106 Harrison street, Jamestown, N. Y.

Father Carl Fenice, of Lockport, N. Y., brother of the bridegroom, celebrated the nuptial mass and performed the marriage ceremony. Miss Evelyn Armstrong, organist, played a recital while the guests were assembling and the traditional marches; also accompaniments for the solos sung by Miss Josephine Lucia.

Given in marriage by her brother, Anthony Barone, of Washington, D. C., the bride was attractive in a princess frock of ivory striped moire and fingertip veil of ivory illusion, with a halo of orange blossoms. The ivory prayer book which she carried was tied with an orchid and white baby's breath in streamers.

Miss Mary Rock, her maid of honor, wore a faulle gown of blush rose and a vintage wine ostrich feather hat. Her flowers were pink gladioli and blue delphinium in spray effect.

Sebastian Conti, of Kent, Ohio, was best man, and ushers were D. J. Scallie, Warren, and Joseph Parashiti, of Jamestown.

Immediately following the ceremony, a reception was held at the home of the bride's mother. Guests were from Jamestown, Falconer, Mt. Morris, Genesee, Lockport, N. Y.; Kent and Ravenna, O.; Washington, D. C., Erie and Pittsburgh.

The couple will reside in Jamestown following a wedding trip to New York. The bride has been employed in the New Process advertising department and Mr. Fenice is employed by the Tasty Baking Company in Jamestown.

The bride-elect has been honored at parties given by Mrs. Helen Spatafore, Mrs. Rose Barone, Mrs. Mary Tutar, Mrs. Jennie Barone, Mrs. Louise Scholeno, Mrs. Phyllis Berardi, Mrs. Sara Scallie, Miss Mary Rock, Mrs. Angelina Hollingshead, Miss A. Critelli, Mrs. Antoinette Fenice, Miss Pauline Fenice, Miss Martha Gantz and Miss Mary Vizza.

High School Girls' Club Has Ceremonial

The High School Girls' Club of the Y. W. C. A. held its regular meeting last evening at the activities building, marking the end of the membership campaign.

Several important announcements were made. Miss Marian Schab, representing Bundles for Britain, was present to explain what the club might do in aiding this project and how materials may be obtained for knitting. The girls were most enthusiastic and a number signed up for knitting.

Dorothy Walsh was appointed to act with Patty Knapp on the Saturday Evening Recreation Club committee.

The membership ceremonial was held in the gym immediately following the business session. Virginia Parsons led devotionals for this impressive candle lighting service and Shirley Allen and Patty Knapp welcomed new members, explaining what it means to be a Girls' Club member.

Refreshments were then served by the committee: Betty Murbach, Mary Freund, Camilla Blomquist and Janice Burghard.

BPW Members Vote Full Cooperation In Bundles For Britain and Needlework Guild

Active participation in two general community projects were unanimously voted last evening at the monthly dinner-meeting of the Warren Business and Professional Women's Club, held at 6:30 o'clock at the Y. W. C. A. activities building.

This newest of Warren's service organizations offered to cooperate one hundred percent in the work of the new local chapter of Bundles for Britain, and to volunteer to aid in the annual garment collection of the Warren Branch, Needlework Guild. Mrs. Corinne Dean was named collector of garments for the club, and when called for their articles, members may deliver them to her home, 409 Liberty street.

Mrs. Leslie G. Forbes, president, conducted the business session and reports were presented by Miss Maybelle Bairstow, secretary; Miss Ruth Woodin, treasurer; Miss Ellen Thoreson, program chairman; Miss Callie Mead, on membership.

Miss Thoreson read a simple

tribute to the memory of Miss Alice Brooks, a charter member recently deceased.

Following a discussion on meeting places, it was voted unanimously to continue the dinner-business sessions at the Y. W. C. A., with social gatherings at private homes or other places. Because of the holiday on November 11, the next meeting will be changed to November 12, and the time will be advanced to six o'clock because of the Stern and Lapham concert at the Woman's Club the same evening.

It was voted, also, to contribute a subscription to the "Independent Woman" for presentation to the Warren Public Library, the gift to continue each year. The fall meeting of District One, held October 5 at Conneaut Lake, was reported by Miss Eunice Alexander, and the remainder of the meeting was devoted to an outline of "Propaganda" and "Voting Intelligently," a paper and questionnaire presented by Miss Callie Mead.

Fall Production By St. Joseph Players Rounding Out Nicely

The cast for "Girl Shy," the St. Joseph Players' Club first public production for this season, has been working hard at rehearsals for the past three weeks and excellent progress has been made toward the presentation on October 24-25.

"Girl Shy," written by Katherine Kavanaugh, centers about a college boy who is girl shy, Robert Daye taking the leading role. He is ably supported by the following: Ray Weigel as Oke Stinson, his roommate; John Maleno as Anthony Arsdale, Tom's father; Evelyn Armstrong as Aunt Caroline; Josephine Russo as Sylvia Webster, Tom's home town sweetheart; Scotty Scallie as Dean Marlow; Elizabeth Wells as Peaches Carter; Frances Scallie as Birdie Laverne; Mary Driscoll as Asma; Mary Dillon as Barbara Sanford; Robert Curran as Chuck Mayo; and James Mahood as Alfred Tennyson Murgatoyd, the college poet.

This play brings to St. Joseph Players' audiences some new faces and others who have appeared in previous productions. James Mahood will be remembered for his portrayal of Uncle Alec in "Here Comes Charlie," and John Maleno as the irrepressible Mr. Hahn in "Broadway Bound." Ray Weigel's part in "Everyman" given by this club in the past two seasons, is unforgettable. Other familiar faces are Robert Daye, who appeared in "Moon Over Mulberry Street" and "Broadway Bound," and Evelyn Armstrong, who played in "Here Comes Charlie" and "Broadway Bound."

Lewis Critelli, director, is well pleased with results of regular rehearsals. Joe Acks, assisted by T. J. Scallie and James Gorrdo, designed the stage setting and is busy with its preparation.

The Tasty Bakers continued to set the pace in the Exalted Ruler class of the Elks League last night by snatching four from the Warren Tank and topping them into the fourth slot. The Style Shop moved into second with a clean sweep over the National Transit, and Rich's Atlantic Station took three from the New York Restaurant to hold third place. In the other match, the Texas Lunch topped the Crescent Florals for three, despite Captain Bob O'Leary's high game of 235 and a total of 622.

Heat Treat increased its margin in the Industrial circuit with a four-point over Miller's Inn. The match between Bab's Barbers and the Forge Shop is incomplete. After the members of the team had left the alleys, it was found that the third game was a tie, but the tonorial artists took two of the three which counted. The Times-Mirror moved up considerably with a forfeit win over Struthers-Wells, which had only two men on the slides, and the Butter Krusts kept coming by dropping the cellar occupants for three. Charley Zuerl had high total of 598 and Clepper's 216 was top single. Bab's Barbers set a new total mark of 2553.

With Captain Erickson and First Lieutenant Laskaris inspired, the Elks' boys were smothered by the Ritchies in the Coneywango Club League. Dr. Hugh Robertson took care of the individual marks with 191 and 340 to pace the Ritchies to a clean sweep.

FIRST POLL OF SEASON PLACES CORNELL ON TOP

New York, Oct. 15.—(P)—The Cornell football team, which has rolled up 79 points in its first two games, rolled up 1,396 points today to take first place in the first Associated Press gridiron ranking poll of the 1940 season.

The Ithacans, operating with 10 of last year's regulars and almost all of last year's reserves, drew 80 votes for No. 1 team out of a total of 156 ballots. That gave them a 381-point margin over Texas A. and M., the team which topped the final poll in 1939 and so far, with line-busting John Kimbrough working as well as ever, has won all its games.

The Aggies, with 25 first-place nominations and 1,015 points, barely nosed out Michigan and Army-Navy, with 26 and 1,004. The next four teams also were given front rank on various ballots. Northwestern, upset conqueror of Ohio State, got only one of these, but had sufficient supplementary support for 898 points and fourth place.

Fifth went to Tennessee, matched with Alabama in the game of the week, 7 first-place votes and 772 points, sixth to Notre Dame, 5 and 753, and seventh to Minnesota, 2 and 630.

The first ten was completed by Boston College, so far unbeaten and unified in its second year under Frank Leahy, 449; Pennsylvania, which wrote a new, if unpleasant, chapter into Yale football history with that 50-7 triumph last Saturday, 354; and Stanford, which under Clark Shaughnessy, in his first year away from Chicago, is the only all-winning Pacific Coast team, 267.

Of these leaders, only B. C. has an easy assignment Saturday, against Idaho.

Cornell's rating will rise or fall upon its showing against Syracuse, which snapped back to life against New York U. last week and Texas A. and M. plays Texas Christian in the Southwest. In the meantime, where every game is a battle, Northwestern takes on Wisconsin and its fine fullback, George Paskvan; Tennessee, as mentioned, meets Alabama; Notre Dame faces always-stubborn Carnegie Tech; Minnesota must watch for a boomerang in playing Ohio State; Penn goes against Princeton, beaten but not to be underestimated; and Stanford meets Washington State in a game that may be decisive in the coast conference race.

STEELERS ADD TWO TO CASUALTY LIST

Pittsburgh, Oct. 15.—(P)—The Pittsburgh Steelers, who meet the Giants at New York Sunday, have added two more names to their casualty list. The game with the Brooklyn Dodgers last Sunday left Tackle Ted Doyle with a broken leg and Halfback Tommy Thompson with a shoulder separation.

Greensburg, Oct. 15.—(P)—Jimmy Ripple, of nearby Export, who scored the run that won the World Series for the Cincinnati Reds, will be given a testimonial dinner here tonight. Reservations have been made by Bill McKeehan, Reds' manager, and about 200 other friends of the outfielder.

If one of the largest crowds in many seasons isn't within the "fence" at Russell Field next Sunday, district football fans just don't like football any more. But you can bet that isn't the case, and last week's Trafford tilt, plus the drawing power of the McKeesport outfit, will just about pack the park. In 1936 when the HyVis Oils divided the western Pennsylvania championship with the Rox Rooneys, the best they could do with the Olympics was 12-0, and bear in mind that the Oilers toppled everything but the Rooneys, whom they led 7-3. Only 16 points were scored against the Oilers that season. Jamestown getting 7 and the Pittsburgh Americans 6. In 1937, when the Cleveland Rams and the Chicago Bears handed the newly organized Red Jackets their only defeats and the Jackets took the western title, they squeezed by the Olympics, 6 to 0. In 1938 the Olympics squared accounts by twice topping the locals, 14-13 and 20 to 7, and copped the belt themselves. Last year the Olympics and the Jackets couldn't get together on price, and fans will be glad to see them clash again this season.

Incidentally, Trafford would like another crack at the Red Jackets, and the local pros could do a lot worse than book them back in here. In the first place, the big boys played 60 minutes of football made the Wolfemenn battle for every inch of ground and, if that, left a fine impression with the townspeople. Those who saw the game and others told this bureau that he believed his Pittsburghers could turn the tables if they could get a little more rehearsal on their trick plays, and that he had a couple of extra backs with lots of speed who could give the Jackets plenty of trouble. He also added that Harry Rosquist was the best backer-up they had faced in some time. "Rosy" really went to town against Trafford and added some needed distance through the line on the offense.

Talking to a couple of local fishermen yesterday, we gathered that the 1940 season wasn't such a success and we note that the fish commission conceded today that the entire year from the opening of trout season on April 15 has been very "spotty," hampered by a late spring, a sudden interval of hot weather in mid-summer and desultory rain and cold weather since. The commission officials say that reports of catches indicate the 1940 season will be remembered as one of the poorest in many years. Alex Sweigart, editor of "The Pennsylvania Angler," admits it's been an off year generally, but predicts that from now on the fellow who goes out with live bait and fishes close to the bottom is liable to take some pretty decent fish. The bass have slowed up, but the commission advises using minnows, stone catfish, crayfish and leopard frogs to lure these game fish that are lurking in the deeper holes of the Allegheny.

YEARS AGO IN SPORT

October 15, 1920.—In the face of much adverse criticism of their bout in Jersey City, both Battling Levinsky and Georges Carpentier are to be investigated by the commission. Fans and sports writers joined in the clamor that the fight was faked, and both fighters have offered to appear voluntarily before the commission.

October 15, 1930.—The Blue and White gridders are getting in trim for their next game—with Oil City. Oil City has a strong team this season, but with "Bus" Irwin back on the line the Lehighmen will be plenty tough once more. Titusville gave the locals more opposition than they expected, but this Saturday they'll be ready for anything.

Sports Roundup

BY EDDIE BRIETZ

New York, Oct. 15.—Here's the tip-off on how that Minnesota power-house is doing —Bennie Biernan didn't bother to scout Ohio State-Northwestern. Jack Dempsey takes the stump for FORD this week, telling off in northern New York. . . . not one of the five national polls this week ranked Penn higher than fourth. . . . Billy Conn has been offered shots at Red Burman and Lee Savold, but seems to want no part of either. . . . Ohio State has turned down a 1941 game with Fordham in New York. . . . U. of Miami has three brother acts going full force this year.

Revised Version

Tell me not in mournful numbers; Life is but an empty dream; The other guys can have the sugar— Penn and Cornell take the cream.

Rose Bowl Dept

Stanford is as good as a long shot for the Rose Bowl as any. . . . Seems every time they change coaches they wind up in the bowl. . . . Pop Warner took over in 1924 and played Notre Dame next New Year's Day. . . . When Tiny Thornhill took charge he wound up his first year in Pasadena. . . . (also the next two) . . . What do you say, Mr. Shaughnessy? . . . Buck Newsom will get more dough than any of the champion Reds. He has a string of theatrical appearances that will put plenty into his kick. . . . Everybody in New York is tickled to see Rabbit Maraville back in baseball as manager at Springfield, Mass.

MEETING OF COURT COACHES AT KANE

A meeting of basketball coaches of schools in Northern Class A District Nine was held in Kane last night. Tom Drummond, coach at Skeffield and president of the league, was in charge.

The coaches approved officials for the league and adopted a constitution. Those attending from Warren were Coach Henry G. Heine, Kolpin and Director of Athletics J. B. Leidig.

COACH SEES NO MORE VICTORIES AHEAD FOR TECH

Pittsburgh, Oct. 15.—(P)—Eddie Baker, who is serving his first season as Carnegie Tech's head football coach, frankly doesn't expect the Tartans to win another game this year. A dearth of manpower is the reason.

"At the beginning of the season I figured we'd win two games," he told the weekly meeting of curbstone coaches yesterday. "We have won one, but right now I can't see where we're going to get the other."

Tech had no trouble beating little Lehigh College, but was blanked 18-0 by Holy Cross last Saturday. Its future opponents are Notre Dame, Case, Cincinnati U., Pitt, Franklin and Marshall and Duquesne.

"There isn't anything wrong with Tech that about 50 new players won't cure," Baker said, "and if we don't soon get some good men you'll be finding us playing in the same class with Westminster and Grove City."

He described Tech's part in the Holy Cross game thus:

"We didn't do anything right and were in the hole most of the time. Our blocking and tackling was anything but blocking and tackling, and when we were offered opportunities our boys seemed too tired to take advantage of them."

Tech meets Notre Dame Saturday at Freshman Coach Al Irwin, who scouted the Irish last weekend, sizes up the prospects as follows:

"Put your dough on the Irish. Layden has the best team I've seen in years. I can't see how anybody can beat them."

JAMESTOWN SUBS IN 19-13 VICTORY HERE

The Red and Green Reserves made it an all-Jamestown year yesterday afternoon at Russell Field when the Yankees duplicated the varsity victory, registering a 19-13 win.

The Dragons scored both of their touchdowns in the first quarter, but Coach Howie Wigulst's charges started rolling in the second period and scored the winning marker in the final quarter.

THEY'RE SORRY NOW

South Bend, Oct. 15.—John Gubahn, Notre Dame's 160-pound star guard, was rejected by three eastern schools because he was too small.

WOLVERINE EDGE

Ann Arbor, Oct. 15.—Michigan football teams since 1879 have scored four times as many points as their opponents—8935 to 2524.

Plan Removal of Americans Out of Orient

(From Page One)
 approached for the embargo which will cut off American iron and steel scrap from Japan.

With some United States citizens already quitting Far Eastern ports on regular trans-Pacific liners, the State Department announced last night that three American vessels would be sent to China and Japan to help repatriate about 3,000 Americans who want to return home immediately.

Shanghai, Oct. 15.—(P)—Three hundred new applications from Americans for transportation home from the Orient were received today, shipping officials said, raising the total to 2,800 since the United States State Department's advice to leave the Far East.

These, they said, would fill the three ships the United States is sending here for the exodus and many additional applications are expected.

American organizations are considering plans to advance passage money to those lacking funds.

Churches Face Major Problem in Membership

(From Page One)
 He asserted the church "must address its message now to the 65,000,000 unchurched citizens of the nation."

The immigration problem, he added, has been peculiar to churches of the Lutheran faith, since it brought to this country different languages and religious practices despite common confessional foundations.

Mr. Horn said his figures led him to believe Protestant churches in America "have built too expensively."

He cited instances disclosing that seating capacity in Protestant churches varies from one and one-half seats per member among Lutherans to five seats per member among Universalists.

The Roman Catholic church, he added, provides only a half seat per member.

1,500,000 Men in This State Will Register

(From Page One)
 The local boards will pass upon the eligibility for service of men whose numbers are drawn in the national conscription lottery at Washington next week.

The boards were given the additional duty of accepting one-year enlistments in the army after today, from men who prefer to sign up now "and get it over with."

The War Department at Washington advised that although the draft ages at 21 to 35, volunteers between 18 and 36 may be accepted. Those within the conscription age brackets must have registration cards, however.

Unlike three-year volunteers who still will be accepted at army recruiting stations, the short-termers can not count upon being assigned to whatever branch of the service they may prefer.

County authorities arranged to register citizens in schools and polling places, while at Harrisburg, special officers were ordered set up at the capitol, for state employees, and the State Farm Show building, for visitors to the National Dairy Show. Colleges and Civilian Conservation camps also will have special registration places.

Governor James urged that eligibles register in their home district, if possible to reduce clerical work, although they may register anywhere they may be on Wednesday.

 lective service system is organized to give the volunteer police force every opportunity to detect evaders.

The more than 1,000,000 draft registrants who stand ready today to register the 16,404,000 young men of draft age are election of officials, school teachers and volunteer workers familiar with the people of their communities.

Each of the 6,500 local boards which will be set up the morning after registration to classify the men for service also are composed of local men.

At each board's office, a list of registrants will be posted for the public. A copy will be sent to local newspapers, and every man who registers will be given a certificate to carry with him at all times. That certificate will protect those who have registered; lack of it may embarrass those who have not.

Barkley, thanking Holt for not objecting to confirmation today, said he was "sorry" that the West Virginian had criticized the president.

Mr. Roosevelt, he said, had considered many men for the post, including army officers as well as civilians.

"It took time to sift all these," he said. "Everybody agrees that this is an excellent appointment."

The bandy-legged little comic, replete with his traditional moustache, derby and cane, returned to the screen, after four years, as a harried Jewish barber in the totalitarian state of "Tomania."

He also played, with torrents of guttural quasi-German double-talk, the part of Adenoid Hynkel, the dictator of "Tomania," for whom, of course, the little Jewish barber eventually is mistaken.

Another familiar character, dubbed Benzino Napolini, was played by Jack Oakie, with many a "... that's a fine," "... joost-a-minoos," and the other stock gestures of the musical-comedy Italian.

Informed officials emphasized that the Welles-Oumansky talks have not involved discussions of the rumored Japanese-Russian non-aggression pact, American interests in the Far East, or other subjects of political character. They have been confined to economic and commercial questions, designed to improve day-to-day relations, regardless of political considerations of the future.

Meet to Organize Thursday

(From Page One)
 the summer of 1917 to select soldiers for the World War. On that first board were Sheriff A. W. DeForest, chairman; A. C. Mook, county commissioner; and Dr. C. W. Schmehl, medical member. Elmer M. Hodges, of North Warren, later succeeded Sheriff DeForest as chairman. All have since died except Mr. Mook.

Acting as government appeal agent for the World War board was John Higgins, Jr., now public utilities commission chairman.

Dr. Schuler, who is medical examiner for Board No. 1 here, was one of several physicians who assisted in the examining of registrants in the World War draft.

The total number of registrants to be classified by the board of 1917-18 was 7,322. However, this included all men from 18 to 45, whereas the present selective service act calls for men from 21 to 35 to register. The World War draft board inducted into service nearly 900 men of the county.

It will be the duty of the present draft boards to conduct and pass upon the eligibility of the men between the ages of 21 and 35, inclusive, who will register tomorrow for possible duty in the U. S. armed forces.

The various registration places in the county, which have been announced previously, will be open tomorrow from 7 a. m. to 9 p. m.

County commissioners today urged all young men who are included in the conscription law to register in their own districts as early as possible, in order to avoid congestion during the later hours of the day.

Dykstra Approved in Senate

(From Page One)
 old Dykstra was city manager of Cleveland and Cincinnati, a civic leader in Chicago and Los Angeles, and professor of political science in several universities.

He will take over duties that have been exercised by Lieutenant Colonel Lewis B. Hershey, officer in charge of the army's years of planning for conscription, which will begin tomorrow with registration of all men 21 through 35 years of age.

Senator Holt (D-W.Va.) who delayed confirmation of Dykstra when the appointment was submitted by President Roosevelt yesterday, told the senate today he did that because "I'm tired of sitting here in the senate and having the senate jump every time the president snaps his finger."

Saying that congress had passed the conscription act nearly a month ago, he declared that "if there has been any delay on this appointment, it can be placed directly at the door of the president, who has been so busy with defense tours and visits to Hyde Park."

Barkley, thanking Holt for not objecting to confirmation today, said he was "sorry" that the West Virginian had criticized the president.

Mr. Roosevelt, he said, had considered many men for the post, including army officers as well as civilians.

"It took time to sift all these," he said. "Everybody agrees that this is an excellent appointment."

More Friendly Relations With Stalin Sought

 The Soviet ambassador, it was learned, is now discussing settlement of specific questions with chiefs and experts of interested government divisions, and as quickly as they are disposed of the Welles-Oumansky conversations will be resumed, presumably along broader lines.

Informed officials emphasized that the Welles-Oumansky talks have not involved discussions of the rumored Japanese-Russian non-aggression pact, American interests in the Far East, or other subjects of political character. They have been confined to economic and commercial questions, designed to improve day-to-day relations, regardless of political considerations of the future.

YOUNG PEOPLE OF PRESBYTERY TO MEET HERE

The young people of the local First Presbyterian church will entertain other young people of the entire Erie Presbytery here on Friday afternoon and evening, the conference of the Presbytery embracing over 60 churches in seven counties.

Miss Joanne Whitehill is president and Miss Patty McComas is vice president of the Young People's League of the Presbytery and head the committees which have planned so ably for this event.

The day will be climaxed in the open session Friday evening, when Raymond M. Kistler, former Warren pastor and now president of Beaver College in Jenkintown, will be the speaker.

To bring the conference and its program to the attention of the church membership, Sunday's worship period was under the direction of Miss Whitehill and Miss McComas. Those participating were young people who attended the spring conference at Mercer and the summer conference at Grove City.

Miss Whitehill told the story of the conference theme, "The Life of High Adventure," and Miss Wilma Endress gave the Scripture, Miss Jo Mackay and Miss Rosamond DeLong were accompanied by Mrs. W. R. Carlin for a vocal duet, "We Would Be Building." Miss Jane Sherwood recited "Poem for Today," and Miss Barbara Lesser led in prayer.

Already many young people's groups from various churches have sent word to the committee that they are bringing large delegations on Friday.

PILOT ESCAPES IN MINOR CRASH

Fred Schuler, Warren pilot, escaped injury Sunday when his light monoplane nosed over in landing on a field near Hutchins, about three miles from Mt. Jewett.

Flying there to join a party of friends at breakfast at a camp near Hutchins, Schuler made what looked like a safe landing, but the wheels of the plane struck a hidden mound of earth where a gas line leak had been repaired, causing the craft to nose over.

Schuler, alone in the plane, was unhurt, but the landing gear and propeller of the ship were damaged and it was necessary to dismantle the plane and transport it here by truck for repairs.

Studebaker Sales Show Big Increase During Past Month

South Bend, Ind., Oct. 15 (AP)—Sales of Studebaker passenger cars and trucks in September were the largest for that month in the history of the company, Paul G. Hoffman, president of The Studebaker Corporation reported today.

"September sales of new passenger cars exceeded those of any month in more than twelve years or since August, 1928," Mr. Hoffman added.

Factory sales of both passenger cars and trucks last month totaled 14,501 units compared with 10,719 in the same month last year, an increase of 35 per cent.

"Since production work on 1941 models began, we have added 1,000 to our factory forces," Mr. Hoffman said. "Our October production schedule calls for another record-breaking month."

Retail deliveries of Studebaker passenger cars and trucks in the U. S. last month amounted to 7,667 units, the best September business for domestic dealers since 1928. In September, 1939, domestic retail deliveries by dealers amounted to 7,440 units.

Factory sales for the first nine months of 1940 totaled 83,536 units against 77,254 for the corresponding 1939 period. Retail deliveries for the same period were 76,566 units and 61,947 units respectively.

Air Mail Pick-up Schedule Being Advanced to Improve Connections

Morning flights from Pittsburgh on the new air mail pick-up routes operated by All American Aviation, Inc., through Pennsylvania, West Virginia and New York will be advanced two hours beginning Monday, October 22, it was announced today by the company.

The change, which will affect all points on the Pittsburgh-Jamestown route, will advance the arrival of the northbound plane in Warren from 11:25 a. m. to 9:25 a. m. The plane will leave Pittsburgh at 5:00 a. m., arriving in Jamestown at 9:28.

The new arrangement, company officials said, will afford better connections at Pittsburgh with the frequent trunk-line and overnight transcontinental schedules from the West Coast, the Southwest and the Gulf, and the large volume of air mail received from these connections for cities and towns along the air mail pick-up routes will reach its destination before noon of the same day at all places.

Further emphasizing the improvement the new schedule will mean in the present service, company officials pointed out that it will allow sufficient time at all places on the air pick-up routes for air mail that is received in the morning to be answered and dispatched on the afternoon pick-up flight on the same day, which will speed up local communications with all parts of the country.

Effective the same date, afternoon flights will go on winter schedule and will be made approximately one hour earlier at each station on trips terminating at Pittsburgh.

The new schedule for the Pittsburgh-Jamestown route will be as follows:

Northbound—Leave Pittsburgh, 8:00 a. m.; Natrona, 8:13; Butler, 8:25; Slippery Rock, 8:33; Grove City, 8:37; Franklin, 8:48; Oil City, 8:52; Titusville, 8:57; Corry, 9:10; Youngsville, 9:18; Warren, 9:25; arrive Jamestown, 9:28.

Southbound—Leave Jamestown, 2:22 p. m.; Warren, 3:30; Youngsville, 3:41; Corry, 3:50; Titusville, 4:03; Oil City, 4:08; Franklin, 4:12; Grove City, 4:23; Slippery Rock, 4:27; Butler, 4:35; Natrona, 4:47; arrive Pittsburgh, 5:00.

Service will be inaugurated as soon as pick-up station is completed.

Under the new schedule, Postmaster James K. Bell said today, delivery of air mail to various cities of the United States will be advanced considerably.

Mail dispatched on the pick-up in the afternoon will arrive in Philadelphia at 9:00 p. m. the same day; New York City, 7:35 p. m. the same day; Columbus, O., 7:21 p. m. the same day; St. Louis, 8:16 p. m. the same day; Chicago, 8:03 p. m. the same day; and Los Angeles, 9:45 a. m. next day.

Mail must be in Warren post office by 8:50 a. m. and 3:00 p. m. for dispatch on the morning and afternoon trips it was stated.

America's Authority

Mrs. Olive Peterson, of Philadelphia, a member of the team winning the national mixed team-of-four championship this year, has gained fame in bridge, not only as a player but as a teacher. She is probably the country's outstanding bridge teacher today. She is also president of the women's national committee of the American Contract Bridge League and co-chairman of the Philadelphia committee to act as host to the winter session of the national tournament to be held in Philadelphia the week of Dec. 2.

Here is the cleverly played hand with which Mrs. Peterson helped her teammates to win.

The opening diamond lead was won with the jack. The king of hearts was played and East won with the ace. Mrs. Peterson discarded a spade. The ten of spades was returned. Mrs. Peterson covered with the jack. West played the queen and the ace won.

Dummy's jack of hearts was led. East won with the queen and Mrs. Peterson discarded a club. East realized he could not lead another diamond, so he played a club and Mrs. Peterson's king was allowed to hold the trick.

A small diamond was played and won in dummy with the queen and the ten, nine and seven of hearts were cashed. Then declarer took the spade finesse, thus making her contract.

I was glad to see Mrs. Marie Black, of New York, back in tournament competition at Asbury Park this year. She has not played for several years and made a strong comeback as a member of the team winning the national mixed team-of-four championship. Waldemar Von Zedwitz was her partner. In the hand shown today she demonstrated that she has not forgotten her earlier lessons.

A great many points are lost because of carelessness. In this hand six no trump is a top contract. The careless player might win the first trick with the ace of diamonds, then lead the queen of clubs and take the finesse. With the club distribution as it is, the contract would be lost.

Mrs. Black, however, realized that unless both major suits should yield four tricks, she would have to win more than two club tricks. She played the clubs correctly to win as many tricks as possible, by leading low to the ace and low toward the queen-jack.

By this method she developed three club tricks. Later she read the spade suit and finessed against the jack to make the contract.

GIRL SCOUTS TO BE REGISTERED IN THE COUNTY

Girl Scouts of the county who are from 12 to 18 years of age will register tomorrow for community service, through the new Girl Scout Service Bureau. The committee chose this day, the day of selective service registration, as particularly fitting for enrollment for this volunteer service.

Throughout the United States service bureaus have been organized to direct the desire of girls to give their communities the greatest return for the energy expended. The duty of the service bureau, of which Mrs. R. W. Mackay is chairman, is to find out through contact with agencies for welfare and war relief work where the services of the girls are most required. Girls registered will then be notified and instructed concerning the duties.

One request has been received already by the local bureau, a call for girls with bicycles to help at the bike sale which will be given by the local chapter of Bundles for Britain on Saturday, October 19.

All requests for services of the girls will be carefully considered to make sure that they are in line with Girl Scout policies and that the work is within the ability of girls who are registered with the bureau. Each girl who volunteers her services will be interviewed regarding the kind of work she prefers, her experience and her qualifications.

In the borough, registrations will be received at Girl Scout headquarters, 211 Market street, from 10 a. m. to 5 p. m. tomorrow. In other towns of the county, women and troop committee members will set up a service bureau for each community.

A small red trefol pin may be worn on the pocket of the uniform to indicate that each Girl Scout is enrolled for service.
